4 USE OF PROCEEDS, REASONS FOR THE OFFER

Use of proceeds, reasons for the offer: Net proceeds from the Issue of the Notes will be allocated to a sub portfolio (the "**Green Project Portfolio**") with the special purpose to finance, refinance and/or invest in Eligible Green Projects (as defined below) meeting the Eligibility Criteria (as defined below).

"Eligible Green Projects" means projects relating to the transmission of renewable electricity from offshore wind power plants into the onshore electricity grid using direct current technology or alternating current technology.

"Eligibility Criteria" means the criteria prepared by the Issuer. oekom research AG has reviewed the Eligible Green Projects that form part of the portfolio of Eligible Green Projects at the Issue Date of the Notes (DolWin1, DolWin2, DolWin3,

BorWin1, BorWin2, BorWin3, HelWin1, HelWin2, SylWin1, Borssele alpha and Borssele beta) and has issued a positive second-party opinion based on the Eligibility Criteria. A second-party consultant (e.g. oekom research AG) will also review and issue a second-party opinion on Eligible Green Projects that the Issuer may want to add to the portfolio after the Issue Date of the Notes and for which the net proceeds from the issue of the Notes may then also be used after such second-party opinion has been obtained. oekom research AG's second party-opinion is available and future second-party opinions will be made available on the Issuer's website (www.tennet.eu).

Pending allocation to Eligible Green Projects of the net proceeds for investment in Eligible Green Projects, the Issuer will hold such net proceeds, at its discretion, in cash or other liquid marketable instruments in its Green Project Portfolio. The balance of the Green Project Portfolio, until such amount is used in full, will be reduced by the amounts invested in Eligible Green Projects meeting the Eligibility Criteria. The Issuer will establish systems to monitor and account for the net proceeds for investment in Eligible Green Projects in order to ensure the allocation of such net proceeds to the Green Project Portfolio for the investments in Eligible Green Projects meeting the Eligibility Criteria.

The Issuer is expected to issue a report on (i) the impact of the Eligible Green Projects on the environment, as well as (ii) whether the net proceeds issued under the green bonds are used to finance Eligible Green Projects. This report will be issued once a year until all Notes which were issued for the purpose of financing, refinancing and or/investing in Eligible Green Projects are repaid in full or until the maturity date of these Notes. The report will be reviewed by a second-party consultant or with limited assurance by an independent auditor. In addition, the Issuer is expected to provide regular information through its website (www.tennet.eu) and/or newsletters to investors on the environmental outcomes of the Eligible Green Projects.
