

The chart displays the monthly percentage change in the number of employees in the manufacturing sector. The y-axis represents the percentage change, ranging from -4% to +4% in increments of 2%. The x-axis shows the time period from January 2015 to February 2018. The data is presented as a series of vertical bars, with light blue bars for positive growth and dark blue bars for negative growth. The chart is divided into three main sections by vertical lines: 2015, 2016, and 2017, with a final section for February 2018. The data shows a general trend of fluctuating growth, with a significant period of negative growth in early 2017, followed by a recovery and then a slight decline towards the end of the period.
